MAIL STOP: Petition

Dear Sir:

Applicants enclose herewith a patent application that was originally filed on June 24, 2003, but appears to subsequently have been lost in processing at the United States Patent and Trademark Office. Because the application was correctly filed by Applicants and was lost through no fault of Applicants, it is requested that a serial number reflecting the original filing date of June 24, 2003 be assigned to the attached application.

Included in the attached originally filed documents are copies of the Certificate of Express Mail, Express Mail receipt and tracking confirmation from the United States Postal Service website. These demonstrate that Applicants filed the attached continuation application on June 24, 2003. In particular, the delivery confirmation shows that the Express Mail envelope having the label number EV35 1351 244US and containing the application was mailed June 24, 2004 from San Francisco, CA and delivered to the Patent Office on June 26, 2003.

If original filing date cannot be assigned to the enclosed application, Applicants request that the application be assigned a serial number reflecting the date of the present filing, having Express Mail number EV 351351675 US.

Since the error is apparently at the fault of the United States Patent and Trademark Office, Applicants believe that no fee is due. Nevertheless, a check for the petition fee in the amount of \$130 under 37 C.F.R. §1.17(h) is enclosed. Applicants request that the fee be refunded, in the event that no fee is found due.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
